

The Three Branches of The American Government

Created by the agreement known as "The Unanimous Declaration of Independence of the united States of America", 04 July 1776, these **unincorporated** "states" were the original geographically defined "estates" formed by the United Colonies. They are guaranteed a "republican form of government". Together, they formed — a Union, a Federation, and a Confederation:

The Union of States
"The United States" 1776
- American General Public -

+

The Federation of States
"The United States of America" 1776
- State Citizen Governance -

>

The take-home message to you as an **American** is that you are most likely in the right church, but in the wrong pew. You have, most likely, been mis-identified as a **Federal Citizen** and not counted as an **State National** or **State Citizen**. Federal Citizenship is created by the Constitution(s) and therefore, **Federal Citizens** are **not** Parties to the Constitutions and have **no constitutional guarantees** — only "Equal Civil Rights" that

can be suspended. If you want to claim your "Natural and Unalienable" rights and property, you have to **declare and record** your political status as an American State National or American State Citizen (that is, a Member of your State Assembly) and you **cannot act as any kind of Federal United States Citizen at the same time** as you participate in your **State Assembly**. The additional message is that a large portion of your

government has been "missing in action" and awaiting "Reconstruction" since the Civil War. This work can only be accomplished by properly organized State Assemblies populated by American State Citizens.
