Greetings,

We would like to introduce ourselves, provide the attached notice for your review, and extend an invitation to meet with us and work with us for the benefit of all Nevadans.

Hurricane Helene's destruction and carnage in North Carolina and other South Eastern states and the subsequent criminal interference of rescue operations by FEMA caused The Fiduciary of the United States of America Unincorporated to reestablish America's original parent Land and Soil Jurisdiction.

All assemblies, American State Nationals, and American State Citizens were encouraged by the Fiduciary of the United States of America Unincorporated to notify all the Sheriffs on the land of their notices immediately.

Please see the attached official Nevada Assembly notification of your responsibilities and authorities.

We are the members of The Nevada Assembly. We consist of willing and able volunteers, who donate our time and resources as much as we are able. Among our Assembly are former law enforcement individuals who, like the good, honest men and women in your department, once believed they were protecting Americans and guarding the Republic. No one has told you that there are two foreign governmental service providers that you swore an oath to that are now bankrupt and defunct. We are self-governing men and women, conducting ourselves with honor, respect, integrity, peace, and love. We keep the peace and uphold the public law. We treat our fellow living men and women in the same manner as we would like to be treated ourselves. Each one of us has rebutted in written form any corporate presumptions of who we are and corrected our political status to reconstruct our lawful, birthright, "self-governing", republican form of government, won during the Revolutionary war and confirmed via the Unanimous Declaration of Independence.

We know this may sound unreal to you at first because you were never taught about the different jurisdictions of L-A-W: (Land, Air and Water). You were never taught the difference between "The

United States of America” unincorporated, “TUSA”, “the United States of America Inc”, “USA” “UNITED STATES OF AMERICA” and the “US”, “the United States Inc”, “UNITED STATES”, et cetera. You were only taught about the Legal Society, “the Rule of Law” and the branches of government consisting of; the Legislative, Executive, and Judicial with some UCC thrown in. No one has explained about the structure of The American Government; created by the agreement known as: “The Unanimous Declaration of Independence of the united States of America”: 04 July 1776. Although this may seem crazy to you, by now you are clearly seeing the evidence that our foreign governmental service providers are not upholding their duty to the Bill of Rights and Constitutions and are putting their self-interest ahead of your safety, your family, and the peaceful Nevadans you have a duty to protect. Ask yourself: Is your retirement secure when our bankrupt corporation is sending money to other countries by the billions and illegal immigrants are living better than most Americans? How safe are you and your family when known terrorists are being given the red-carpet entrance into our country?

The good news is that the Nevada Assembly is here to work with you to reconstruct what our forefathers bled to build. The purpose of the Nevada Assembly is to reconstruct our American government and once reconstructed, operate our American government. We are dedicated to the restoration of a complete and fully operational land and soil jurisdiction State and County court system serving the people of Nevada, the preservation of the National Trust, the re-population of our land and soil jurisdiction, the filling of vacated public offices, and the reclamation of our material and intellectual public and private assets. We do this peacefully and without rancor in the exercise of our unincorporated powers and capacities. To learn more about our Assembly go to [www.nevadaassembly.org](http://www.nevadaassembly.org)

The only reason for government to exist is to protect its people and their assets. Given the events taking place in America today you can plainly see that our current bankrupt federal government services corporations are failing to protect our people and our assets. We are your rightful employers. We share the common goal of protecting our families and fellow Nevadans. We invite you to join us in our mission to peacefully rebuild our American government, keeping the peace and upholding the public law and it is your duty to do so. We would like to extend an invitation to meet with members of our Assembly so we can answer any questions and to discuss how we can work together for the benefit of our fellow men and women on Nevada.

Sincerely,

## **Notice to County Sheriffs**

**October 8, 2024**

Land Law has been declared throughout The United States as of October 5th 2024. This means that you must now enter upon the Peacekeeping Office of County Sheriff and it signals significant changes to your own authority and the Law you operate under:

- (1) As a County Sheriff operating on the land and soil jurisdiction of this country, you are the highest Peacekeeping and Law Enforcement Officer within the County borders;
- (2) You are indemnified and hold state immunity;
- (3) You directly outrank all Federal Personnel and Agency Employees;
- (4) You directly outrank all State of State and State Trust Employees;
- (5) You are empowered and required to protect the people of your county and their assets;
- (6) You may deputize as many Americans as you deem necessary;
- (7) You are advised that there are no Federal Eminent Domain rights;
- (8) If a properly constituted State Legislature acting prior to 1860 has not specifically granted land to a Federal entity for public purposes, Federal Personnel making claims to own or control land within your County are guilty of international trespass, false claims, and conspiracy to defraud under color of law;
- (9) Any Federal Personnel offering to encumber, delay or restrict civilian rescue and recovery efforts must be arrested; any Federal Personnel confiscating disaster relief supplies must be arrested; any Federal Personnel failing to render immediate aid and assistance must be arrested, shot, or hung on the spot as the situation demands. Escalation of force protocols are authorized; use of deadly force is authorized.
